

Spectacular Snowflakes

Art Curriculum - Pattern Making

Learning Objective

Children will learn how a singular design can be replicated multiple times to create a complete pattern. A simplified, holiday themed, introduction to pattern making and the concept of fractals.

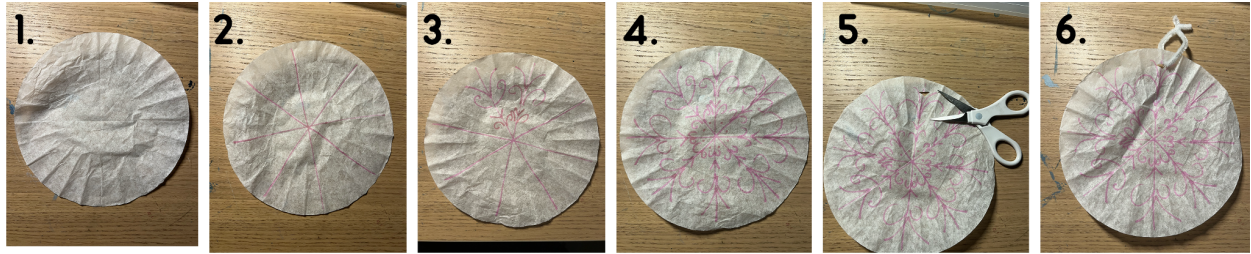

Materials Needed

- Coffee filters
- Scissors
- Markers
- Pipe cleaner

Spectacular Snowflakes

Art Curriculum - Pattern Making

Demo with Steps:

Activity Procedure

1. Fold up the coffee filter into 8ths
2. Draw lines on the fold creases, to lines stemming from the center
3. Create your own pattern on one of the lines. Be creative!
4. Replicate that same pattern on all eight of the lines. Watch as the patterns create a snowflake!
5. Optional: Once you finish, cut a small hole at the top of the coffee filter, and stick a pipe cleaner through.
 - a. Twist the pipe cleaner closed and reveal your final snowflake ornament!
